

# 6th Barcelona Initiative for Gravitation (BIG) Meeting

Friday 4 July 2025

Afternoon Session - Alberto Lobo Conference Room (14:30 - 17:10)

time	[id] title	presenter
14:30	[5] Gravitational waves from the Axiverse	FERRER, Francesc
15:10	[6] LISA's Potential to Test the Kerr Hypothesis: Symmetry-Breaking Effects in Extreme-Mass-Ratio Inspirals	F. MUGURUZA, Pablo
15:30	[7] Using gravitational self-lensing to distinguish the environment of compact binary mergers	UBACH RAYA, Helena
15:50	[9] An effective Hubble constant in f(R) modified gravity	SCHIAVONE, Tiziano
16:10	[8] Discussion - All
